

## Environmental Product Declaration (EPD)

### for **Bona Quantum Parquet Adhesive**

according to ISO 14025 and EN 15804+A2

The general Environmental Product Declaration (EPD) of the German IBU (Institut Bauen und Umwelt e.V) with the declaration number:

### **EPD-FEI-20220021-IBG1-EN**

for Products based on polyurethane or silane-modified polymer, group 1

is applicable for the above-mentioned building product and describes its environmental performance to promote sustainable construction.

The product is manufactured by:

**Bona GmbH Deutschland**  
**Jahnstr. 12**  
**65549 Limburg**

This declaration of the "Institut Bauen und Umwelt e.V." is the data basis for presenting the technical properties of a product because it reveals all the relevant environmental data, which are indispensable for calculating the life cycle assessment or the energy consumption of a building.

It contains detailed information on:

- General indications
- Product definition
- LCA (Life Cycle Assessment): calculation rules
- LCA: Scenarios and further technical information
- LCA: results
- LCA: interpretations
- Verifications

More information to EPDs can be found on the homepage of the "Institut Bauen und Umwelt e.V." – [www.bau-umwelt.de](http://www.bau-umwelt.de). The technical data sheet and more information about the product can be found on [www.bona.com](http://www.bona.com). This environmental product declaration is issued under the sole responsibility of the manufacturer.

Limburg, 18.10.2022

i. V. Dr. Antti Senf  
Global R&D Manager Adhesives
