- Bona Microfiber Mop
- Bona Microfiber Cleaning Pad – “Removes 99% bacteria”*

Instructions for use

Easy to assemble – see package for more instructions. Always vacuum floor before wet cleaning to ensure that dirt and grit is removed and does not scratch the floor.

Also use with Bona Dusting Pad for easy removal of dust and hair or with Bona Applicator Pad when it is time to maintain your floors with Bona Polish or Refresher.

Pole length can be adjusted (870cm to 1320cm)
Base plate 41cm long x 11cm wide

All our Microfibe Pads can be washed in 60°C without fabric conditioner up to 500 times.

Never leave your mop standing with a wet cleaning pad face-down on the floor surface when done cleaning – this may cause permanent damage to your surface.

“Removes 99% of E. coli and Listeria from wood or LVT flooring when using the Bona Microfiber Cleaning Pad with Bona Wood Floor Cleaner, Bona Hard-Surface Floor Cleaner, Bona OxyPower Floor Deep Cleaner or water; Tested at an independent accredited lab.”
